

Maximize Your Galaxy Investment With A Gateway Training Subscription Plan

Gateway Ticketing Systems' Training Subscription was developed to make attending Galaxy training easy for our customers. In a challenging economy, you need to ensure that you use your resources in the most efficient way possible. The best way to take full advantage of your Galaxy investment is with a trained, knowledgeable staff. To help you reach this goal, while maintaining a reasonable training budget, we offer training subscriptions.

With a Gateway Training Subscription you can:

- **Enjoy the flexibility of in-house or online training according to your needs and budget**
If you learn better by getting away from the office, the training subscription covers the tuition for any courses offered in the Boyertown, PA training center. Do you prefer shorter more focused sessions? Choose from our expanding online course offerings. Limited travel budget? If you're a subscription holder, you can take advantage of the new Distance Learning option, giving you the full, multi-day sessions, once reserved for in-house classes, from the convenience of your facility.
- **Train multiple employees who need to learn Galaxy without worrying about per-person training costs**
Now you can send an unlimited number of students for training online or to our state-of-the-art training center located in our corporate office in Boyertown, PA.
- **Enjoy the freedom to attend any training course we offer for a full year**
In addition to our recently expanded list of advanced training offerings, you can pick and choose from the growing list of online courses available from the Gateway training team. Attend whatever training is relevant for your organization, for 12 months, starting the day you sign the contract.
- **Benefit from Gateway trainers' expertise in basic and advanced level courses**
Our trainers are experts in Galaxy, and skilled at delivering what can be complex information in an easy-to-understand format. By learning directly from Gateway trainers, you have access to a wealth of Galaxy knowledge.
- **Learn in our state-of-the-art training facility**
Fully equipped POS stations that include ticket and receipt printers, barcode scanners, credit card swipes and a membership card printer. Dual screen projectors make it easy to follow along, and complimentary beverages and snacks are included.

"I was astonished by the deal Gateway offered me. I already sent my Systems Engineer and few others from other attractions, which already covered what I paid for it and I still have a few to schedule this year. A deal that you CANNOT beat!"

- Eid Antar, Director of IT, East Coast America, Merlin Entertainments Group

Gateway Ticketing Systems, Inc., 315 East Second Street, Boyertown, PA 19512

All of our courses are offered at the Gateway Learning Center at our Boyertown headquarters or as an online Webinar. Select in-house courses are also offered as Distance Learning, enabling you to participate in the course without the normal expense of travel. Online Webinars and Distance Learning courses use Microsoft Live Meeting and Skype to deliver interactive training directly to your desktop. You just supply the Internet connection, microphone and speakers.
