

# Group Sales on the eGalaxy Web Store Online Training

*Take Your Galaxy Mastery to the Next Level*

By providing your group customers with an easy and convenient way to purchase tickets online, you can see dramatic increases in sales volume while cutting down on the overhead associated with the additional staffing normally required to take these orders. Now, with the brand new Group Sales on the eGalaxy Web Store Online Training, you will learn how you can leverage this powerful module and use it to its fullest potential.

During this online training session, we'll discuss how you can create a better online shopping experience than ever before for your Group Sales customers. You'll walk away from this training with the knowledge necessary to configure and administer the Group Sales on the eGalaxy Web Store module.

*You'll learn how to:*

- Configure unique pricing options for different customers purchasing on the Web store
- Manage the application process for potential group sales clients
- Control whether customers pay online with a credit card or use a credit account
- Limit the maximum number of tickets customers can purchase during a transaction

*This course is offered online using Microsoft Live Meeting and Skype VOIP audio service. To take full advantage of this training session, customers should use a broadband internet connection with connected microphone and speakers.*

Location: Online \* Duration: 5 hours \* Tuition: \$500
