**Variety of Reports**  
View detailed revenue and admission control management records in over 100 Galaxy reports. Automate reporting to produce on a daily, weekly, quarterly or yearly basis.

**Galaxy Reports** enable you to quickly provide the information required by the various levels of your organization. From shift reports that detail the precise cash flow and activity for a user and shift level to agency reports consolidating sales data for the board of directors, there is a Galaxy report that meets your department's needs.

**With Galaxy Reporting you can:**

- Generate the Reports You Need**  
 View detailed revenue and admission control management records in over 100 Galaxy reports. Automate reporting to produce on a daily, weekly, quarterly or yearly basis.
- Protect Your Information**  
 Set up user profiles to secure who has access to run and view reports from Galaxy.
- Easily Organize and Access Your Reports**  
 Reports can be filtered against a set of predefined criteria and printed for any date range. In addition, Galaxy offers many options for remote access to reports or automated printing.
- Mine Your Data**  
 Galaxy utilizes Microsoft® SQL Server to store data. This enables you to use third-party applications, such as Microsoft Excel, to create user defined reports. Gateway provides the Galaxy Database Dictionary to understand and mine your data.
